EUROPEAN UNIVERSITY LIBRARY

EBSCO databases can be accessed both on university campuses and from other locations.

In case of using from the university building, it is necessary to search for scientific databases in the library section of the university website.

The screenshot displays the homepage of the European University website. At the top, the URL <https://eu.edu.ge/en> is visible in the browser's address bar. The header features the university's logo and name in both Georgian and English: "ევროპის უნივერსიტეტი" and "EUROPEAN UNIVERSITY". To the right of the logo is a search bar with the text "SEARCH" and "GEO" next to it. Below the search bar are social media icons for Facebook, YouTube, and Instagram, and a phone number "2 000 171" with a button that says "ENTER THE SYSTEM".

The main navigation menu includes the following items: ABOUT US, FACULTIES, FOR STUDENTS, FOR ENTRANTS, RESEARCH, INTERNATIONAL RELATIONS, and CONTACT. A dropdown menu is open under "ABOUT US", listing: UNIVERSITY, MISSION, VISION AND VALUES, STRUCTURE, STRATEGIC DOCUMENTS, QUALITY ASSURANCE, LEGAL ACTS, STAFF, LIBRARY, and INNOVATIVE TEACHING. The "LIBRARY" option is highlighted, with a sub-menu showing "ABOUT LIBRARY" and "SCIENTIFIC BASES".

The central banner features a large image of the university's main entrance gate. On the left side of the banner, the text "EU Edu" is displayed next to the university's circular logo. To the right of the logo, the text "UNIVERSITY" is prominently shown, followed by the tagline "The Future". A blue circular badge with the number "171" is positioned in the upper right corner of the banner. At the bottom right of the banner, the phone number "2 000 171" and the website address "www.eu.edu.ge" are provided.

Below the banner, there are five distinct icons representing different academic departments: a globe for "BUSINESS AND TECHNOLOGY", a globe for "LAW, HUMANITIES AND SOCIAL SCIENCES", a heart with a pulse line for "MEDICINE", a heart with a pulse line for "VETERINARY", and a heart with a pulse line for "DENTISTRY". Each icon is enclosed in a colored rectangular frame. At the bottom right of the page, there is a small inset image showing a surgical team in an operating room.

About EBSCO In scientific databases, place the mouse cursor on the word "Follow this link", after which you will be directly at the EBSCO base, in case of access from the campuses.

EBSCO- Databases

European University offers all its members the world's most recognized and popular scientific electronic database **EBSCO** - The leading provider of information services for all the libraries in the world, containing hundreds of research bases, historical archives, scientific references, etc. The most important advantage of the use of **EBSCO** is that databases, besides archived material, offer the latest resources. To access EBSCO EP Package ELITE and legal database HeinOnline [follow this link](#). When entering the link from outside of the university premise you will need identification data - contact the library staff to get a username and password.

To access the database from any other location, EBSCO requires you to identify yourself. For this, you need to enter the identification data in the corresponding field:

After opening the home page of the database, if desired, you can drop down and select/highlight the database in which you want to find information on the desired topic.

The screenshot displays the EBSCOhost search interface. At the top left, the text "LTD EUROPEAN UNIVERSITY" is visible. The EBSCOhost logo is prominently displayed on the left side. A navigation menu on the left includes sections for "My dashboard" (with links for Overview, Projects, Saved, Searches, Viewed, Holds & checkouts, and Journal alerts) and "Research tools" (with a "New search" button). In the top right corner, there is a "MyEBSCO" profile icon and a "Sign in" button. The main content area features the heading "Search articles, books, journals & more". Below this, the search status is shown as "Searching: MEDLINE (and 11 more)", with a red arrow pointing to the "(and 11 more)" text. A search input field contains the placeholder text "Search articles, books, journals & more" and a search icon. Below the input field are several filter buttons: "Full Text", "Peer Reviewed", "Available in Library Collection", and "All time" with a dropdown arrow. To the right of these filters is a link for "Advanced search".

If you don't know which database may contain information of interest to you, then mark "Select / deselect all" and then press the "Continue" button

Select databases to search

At least one database must be selected. Selecting all databases for search may result in slow response time.

Peer reviewed | Journal Article, Academic Journal

As a result of the search, you will see all the articles suggested by the database, which deal with interesting topics.

They can also be filtered in the right corner of the web page with filters to explore the information, you can sort it according to your needs.

The screenshot shows the EBSCOhost search results page. The search query is "laws and regulations" and the results are sorted by "Relevance". The page displays two search results, both of which are books. The first result is "Laws, Regulations, Contracts and Responsibilities : Davis-Bacon Labor Standards: A Contractor's Guide to Prevailing Wage Requirements for Federally-Assisted Construction Projects", published in 2011. The second result is "Catalog of Gambling Laws, Regulations, and Ordinances : The National Gambling Impact Study Commission Final Report", published in 1999. Both results have an "Access now (PDF)" button and a "View details" link. A red arrow points to the sorting dropdown menu in the top right corner, which is currently set to "Relevance". The menu options are "Relevance", "Date newest", and "Date oldest".
