<b>Elective free component, which is oriented on development of general/transferrable competencies (10 credits), can be chosen by a student English Language (corresponding level) or any study course from university educational program of the same level by considering admission preconditions of the course</b>				5	5					5	5			
1	English Language B2.1	N/A	5	125										
2	English Language B2.2	English Language B2.1	5	125		5								
<b>Distribution of credits over academic semesters</b>					<b>30/35</b>	<b>30/35</b>	<b>30</b>	<b>30</b>	<b>25/30</b>	<b>25/30</b>	<b>30</b>	<b>30</b>	<b>30</b>	<b>30</b>

**Note:**

1. It is mandatory to achieve B2 level of English within the program, if the student fails to confirm the said level at the stage of admission to the program. The student confirms the level of knowledge of the English language in accordance with the "Rule for determining the language competence of a European university student";
2. If the student cannot prove his knowledge of the English language at the B2 level, he is obliged to choose the levels necessary to achieve the said level of the English language (English language B2.1 / English language B2.2) within the framework of the optional free component. If the student proves that he/she possesses the English language at the B2.1 level, the amount of credits needed to reach the B.2.2 level is acquired by the credits intended for the optional free component, and the remaining credits (5 credits) are filled by the student in the field of dentistry with optional study courses or free credits, which is possible to choose from any educational program of the corresponding level;

3. *It is compulsory for foreign students to confirm Georgian language proficiency level of B1.2 or to achieve it through the program. A student confirms language proficiency level in accordance to the rule for determining language proficiency level of European University;*
4. *A student studies a foreign language starting with the level determined by the rule mentioned above. If a student confirms language proficiency level of B1.2, he/she is allowed to cover the credits for foreign language (20 ECTS) by taking elective courses of major field of study or free credits. If a student's confirmed proficiency level is higher than beginning level of foreign language (A1), the rest of the credits can be obtained by elective courses of major field of study or with free credits.*
5. *Free credits, which can be covered by taking study courses from any same level educational program of the university, can be obtained by elective courses of major field of study.*
6. *Students willing to improve their clinical skills are offered 5 additional elective courses:*
  - *Practical course of nonsurgical periodontology – Semester VI, 10 ECTS, prerequisites: Prevention of Oral Diseases II;*
  - *Practical course of conservative dentistry – Semester VII, 7 ECTS, prerequisites: Clinical skills III, Clinical course of endodontics;*
  - *Practical course of prosthodontics – Semester VIII, 8 ECTS, prerequisites: private orthopedic dentistry I*
  - *Practical course of surgical dentistry – Semester IX, 7 ECTS, prerequisites: Surgical dentistry II*
  - *Clinical course of integrated dentistry – Semester X, 8 ECTS, prerequisites: Practical course of conservative dentistry, practical course of prosthodontics, practical course of surgical dentistry.*
